Journal of Sedimentary Petrology

INDEX TO VOLUME 8

W. C. KRUMBEIN

Adelman, C. H., article by 59
Aggregate sample 67
Allen, V. T., cited 104
Andrews' Kinetic Elutriator 3
Apfel, E. T., article by 67
Apparatus for sand analysis 105
Authigenic minerals 30

Baak, J. A., cited 65
Bacteria, distribution in sediments 13
Bacteria in bottom deposits 10
Bacteria in sediments, factors influencing 17
Bacterial types in sediments 15
Baren, F. A. van, cited 59
Bastin, E. S., cited 69
Bates, R. L., article by 91
Bavendam, W., cited 16
Beach Erosion Board, cited 52
Benecke, W., cited 16
Bentonite, correlation with 100
Boswell, P. G. H., cited 4
Bottom samples, bacteria in 10
Bottom samples, California 10, 19
Bottom samples, Cape Cod 50
Bottom samples, Channel Islands 10
Brammall, A., cited 6
Buckham, A. F., review by 36
Burri, C., cited 65

Camp, B. H., cited 86
Carroll, Dorothy, article by 3
Cape Cod, beach sediments 41
Carboniferous sandstones of Holland 112
Carmel canyon, sediments in 23
Channel Island bottom deposits 10
Chemical analyses 55, 69, 98
Choate, S., cited 84
Cohee, G. V., article by 19
Colorado River sediments 78
Committee of Sedimentation, report 37
Concretions, analysis of 98
Concretions, origin 91, 96, 98
Concretions, parogenetic 91
Concretions, syngenetic 97
Coronado canyon, sediments in 30
Correlation with bentonite 100
Cross-lamination of sediments 79

Davis, C. H., cited 47
Davis, W. M., cited 46
Decantation tube 109
Delgada canyon, sediments in 23
Dorrell, C. V., article by 100
Drew, G. H., cited 10
Dryden, L., cited 4
Dryden, L., review by 112
Dume canyon, sediments in 28

Eisenhart, C., cited 8
Ekman sampling tube 11
Emery, K. O., article by 105
Erberich, G., cited 66
Evans, O. F., articles by 33, 71

Fleet, W. F., cited 4
Flood deposits 77
Flotation, sediment transport by 33
Frye, J. C., article by 69

Galliher, E. W., cited 10, 30
Graham, J. C., cited 33
Grabau, A. W., cited 97
Grand Canyon river deposits 77
Gripenberg, S., cited 88

Hatch, T., cited 84
Haultain, H. E. T., review of article by 36
Heavy minerals 38, 60, 62, 64, 103
Heavy mineral analysis 3
Heavy minerals, concentration of 3
Heavy mineral diagrams 5, 7
Hueneme canyon, sediments in 26

Johnson, D. W., cited 46

Kindle, E. H., cited 94
Knight, S. H., cited 82
Köhn, M., cited 106
Krumbein, W. C., article by 84
Krumbein, W. C., cited 68, 86
Kurtosis 85

Ladd, G. E., cited 33
Leucoxene, chemistry of 55
Leucoxene, nature of 55
Leucoxene, X-ray analysis 57
Limonite concretions 91
Lloyd, B., cited 10
Loveland, R. P., cited 84

MacCarthy, G. R., cited 49
MacDonald, G. A., cited 25
Marinden, H. L., cited 51

Marsden, R. W., article by..... 55
Martens, J. H. C., cited..... 49
McCartney, G. C., cited..... 55
McKee, E. D., article by..... 77
McKee, E. D., cited..... 80
McKelvey, V. E., review by..... 73
Mechanical analyses,.....
.....21, 22, 33, 36, 42, 85, 102, 105
Mechanical analysis, pipette method.. 101
Mechanical analysis, rapid method.... 105
Median diameters.....21, 42
Merrill, G. P., cited..... 96
Meuse River, sediments in..... 59
Migration of beach sediments..... 50
Mills, F. C., cited..... 86
Milner, H. B., cited..... 4
Mineral frequency number..... 8
Mugu canyon, sediments in..... 26
Monterey canyon, map of..... 21

Newport canyon, sediments in..... 29
Nevin, C. M., cited..... 82
Normal curves, tests of..... 85
Normal phi curve..... 84
Normal phi curve, properties of..... 85

Oceanography..... 73
Oosting, W. A. J., cited..... 66
Owens, J. S., cited..... 106

Pettijohn, F. P., cited..... 49
Phase sample..... 67
Pinkley, G. R., cited..... 100
Probability paper..... 87

Rahn, O., cited..... 14
Raymond, P. E., cited..... 34
Rettger, R. E., cited..... 82
Revelle, R., cited..... 111
Reviews.....36, 37, 72, 73, 112
Rhine River, sediments in..... 59
Richards, R. H., cited..... 106
Ross, C. S., cited..... 101
Rubey, W. W., cited..... 111
Reuszer, H. W., cited..... 10

Sampling of sediments..... 67
Sand in Netherland rivers..... 65
Schalk, M., article by..... 41
Scobey, E. H., article by..... 69
Sediments, contemporaneous deformation of..... 81
Sediments, correlation of..... 68
Sediments, factors affecting transportation..... 88
Sediments, sorting of.....26, 43
Sediments, phase sampling of..... 67
Sediments, skewness of.....27, 44, 85
Sediments, transportation by flotation 33
Sediment variation..... 44
Settling tube for sand..... 106
Settling velocity of sand.....107, 108
Shepard, F. P., cited.....19, 25, 49, 111
Sieving vs settling in water..... 110
Simons, F. W., cited..... 33
Size frequency distributions..... 84
Skewness.....27, 44, 85
Sodium oxalate as dispersing agent.... 101
Sorting of sediments.....26, 43
Standard deviation, logarithmic..... 87
Statistical analysis..... 84
Stetson, H. C., cited.....34, 41
Stockdale, P. B., cited..... 70
Submarine canyons, sediments in..... 19
Swash marks, formation of..... 71
Stylolites in Burlington limestone..... 69
Stylolites, origin of..... 70
Sykes, G., cited..... 77

Thompson, W. O., cited.....45, 67, 78
Todd, J. E., cited..... 94
Transportation of sediments by flotation..... 33
Transportation of sediments, factors... 88
Trask, P. D., cited.....16, 26, 42
Trask, P. D., review of report by..... 37
Trivelli, A. P. H., cited..... 84
Trowbridge, A. C., cited..... 54
Twenhofel, W. H., cited.....10, 33
Twenhofel, review by.....37, 72
Tyler, S. A., article by..... 55

Vaughn, T. W., review of book by.... 73
Veen, J. van, cited..... 65

Waksman, S. A., cited..... 10
Water-laid sediments, criteria of..... 80
Wentworth, C. K., cited..... 67
Werner, D., cited..... 67
Winterhalter, R. U., review of paper by 112
Woodford, A. O., cited..... 32
Woodworth, J. B., cited..... 46
Wrath, W. F., cited..... 32

ZoBell, C. E., article by..... 10
ZoBell, C. E., cited..... 12
